About Us

A Strategic Partner to Equip and Operate Your Facilities

Al-Hulul Al-Mutakamila Company for Services & General Equipment is a leading Libyan company founded in 2021, specializing in integrated service solutions for the public and private sectors. Having started in catering and cleaning services, the company has grown into a strategic partner for public sector institutions, public and private companies and telecom companies, offering a comprehensive range of services to the highest standards in supplies and equipment, facility management and maintenance, hospitality and catering, and other general services.

We believe that the success of any project starts with careful planning and quality execution. That is why we provide practical, flexible solutions tailored to our clients' needs, with full commitment to quality standards and deadlines. Our goal is to be our clients' trusted partner, through an experienced team and services that cover every aspect of equipment and general services under one roof.

Our History

The company was originally founded as "Innovative Solutions for Catering Services and General Cleaning". The change to our new name, "Al-Hulul Al-Mutakamila Company for Services & General Equipment", reflects our strategic vision to expand our scope of services into wider fields of supplies and equipment – while keeping the same commitment and quality the company was built on from day one.

Vision & Mission

Where We Are Heading — and How We Get There

Our Vision

To be the leading strategic partner in Libya for services and general equipment, and the trusted choice for institutions and investors seeking integrated solutions to international standards.

Our Mission

To provide integrated, innovative solutions in supply, fit-out, operation and maintenance that let our clients focus on their core business — through a professional team, a reliable supplier network and a strict commitment to quality and deadlines.

Our Values

The Principles That Guide Our Work

Professionalism

We carry out every task with a clear methodology and institutional standards, whatever its size.

Quality

We choose our materials and suppliers carefully and monitor execution quality at every stage.

Commitment

We honor our deadlines and obligations, and treat our clients' trust as a responsibility.

Integrity & Transparency

We are clear in pricing, contracts and reporting, building long-term relationships based on trust.

Integration

We give clients a complete solution from a single provider, instead of dealing with multiple suppliers and contractors.

Continuous Improvement

We listen to our clients' feedback and keep developing our services and our people.

The Meaning of Our Logo

The logo is formed by four interlocking blocks that together create a single, cohesive hexagon, expressing the integration of our services under one roof, while the buildings and columns within it represent our work in equipping, managing and operating facilities. Deep navy stands for solidity and stability, gold for excellence and quality, and white for transparency and clarity of vision.

Message from the General Manager

A Growing Dream — and a Promise We Renew Every Day

Mahmoud Ali Abdullah
General Manager

Years ago, our story began with a small dream and a great belief: to build a company in Libya that delivers service worthy of its clients' trust, and to prove that excellence is not a luxury — it is a way of working.

The road was not easy, but we believed that every working day is a chance to earn new trust, and that every small detail we perfect is a building block in something great we build together.

Today, by the grace of God and the trust of our partners, we stand proudly alongside public sector institutions, public and private companies, and telecom and technology companies — serving their premises every day, supporting their teams, and becoming part of their success.

"Al-Hulul Al-Mutakamila" is more than a name; it is a promise we renew every morning: to be your partner in every detail, with integrated solutions from a single provider you can trust.

Our ambition knows no limits. We aspire to be the first name in Libya for services and general equipment, and to build bridges of cooperation toward wider horizons — with diplomatic missions and investors who see Libya as a land of opportunity.

Mahmoud Ali Abdullah
General Manager

> **"What we have achieved is only the beginning — the best is yet to come.**

Our Services

Nine Specialized Divisions Under One Roof

01

General Building Supplies & Equipment

Supply of construction and finishing materials, sanitary ware, flooring, electrical and mechanical equipment, HVAC systems and elevators.

02

Facility Management & Maintenance

Integrated building management with preventive, periodic and minor maintenance to keep facilities running efficiently.

03

Furnishing & Office Equipment

Furniture, furnishings, electronic and office equipment, stationery and uniforms, plus audio, surveillance, alarm and fire-fighting systems.

04

Finishing & Prefabricated Buildings

Finishing and maintenance works, prefabricated buildings, and landscaping of gardens and outdoor yards.

05

Specialized Facility Fit-Out

Complete fit-out of hospitals, educational institutions, shops, complexes, restaurants and cafés.

06

Hospitality, Catering & Food Services

Butler service, meals and beverages, and catering for events, conferences, seminars and exhibitions.

07

General Cleaning

Daily and deep cleaning of buildings and facilities with trained staff, modern equipment and continuous supervision.

08

Transport Services

Light and heavy transport of equipment, materials and furniture for all entities – safely and on time.

09

Storage & Warehousing Solutions

Warehouse fit-out with equipment and fixed and mobile shelving, plus inventory organization solutions.
